Rememberin' when we first met
We had that adventure in our eyes
But somethin' got away I guess
In the everyday of our lives

And I don't know
What keeps us here
Let's disappear
And start all over again

We can runaway baby come as you are
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car

All we need is the open road
And more fuel for the fire inside us
Steer us on into lands unknown
We can leave this world behind

And all I know is
You and me
That's all we'll need to
To start all over again

We can runaway baby come as you are
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car

Turn up the radio and don't look back again
Let me put the pedal down get us outta this town
Don't be afraid to ride, baby

We can runaway baby come as you are
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car

We can runaway baby
You can look at my heart as your getaway car
We can drive all night it'll be all right

Love can take us so far in my getaway car

Yeah

Baby

Ooh, yeah

We can runaway baby come as you are
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car

We can runaway baby come as you are
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car

We can run
You can look at my heart as your getaway car
We can drive all night it'll be all right
Love can take us so far in my getaway car
