I've seen You calm the waters raging  
In the rivers of my mind  
Your spirit blows a breeze into my soul  
And I've felt the fire that warms the heart  
Knowing that it comes from You  
Then I've let it turn as cold as a stone

Sometimes I feel like  
I'm as close as Your shadow  
And sometimes I feel like  
I'm looking up at You

From the bottom of the Grand Canyon, so small and so  
far  
From the Grand Canyon with a hole in my heart  
And I'm a long way from where I know I need to be  
When there's a Grand Canyon between You and me

I've had the faith that gave me strength  
For moving any mountainside  
I've felt the solid ground beneath my feet  
But I've had the bread of idleness  
While drinking from a well of doubt  
And it shakes the core of all I believe

Sometimes I feel like  
I'm as close as Your shadow  
And sometimes I feel like  
I'm looking up at You

From the bottom of the Grand Canyon, so small and so  
far  
From the Grand Canyon with a hole in my heart  
And I'm a long way from where I know I need to be  
When there's a Grand Canyon between You and me  
When there's a Grand Canyon between You and me

Sometimes I feel like  
I'm as close as Your shadow  
And sometimes I feel like  
I'm looking up at You

From the bottom of the Grand Canyon, so small and so  
far  
From the Grand Canyon with a hole in my heart  
And I'm a long way from where I know I need to be  
When there's a Grand Canyon between You and me  
When there's a Grand Canyon between You and me
