You seem like the quiet type, don't say much, well
that's all right
There was a time that might have reeled me in
Yeah, but that was then I'm wiser now, at least I think so
anyhow
And I ain't gonna fall for love again

I won't say that I won't miss the promise of a long slow
kiss
What I miss is more than I could stand
But the price is just too hard to pay it's easier to walk
away
And I ain't gonna fall for love again

Isn't it funny how I finally find you now
But you're just a little late
Yes, this promise that I made
That I don't intend to break, not for anyone

Oh, isn't it funny how I finally find you now
Oh, but I've already been left out on a limb
And I won't risk that fall again, not for anyone

I don't mean to be unkind
I hate to see you waste your time
'Cause I ain't gonna fall for love again
No I ain't gonna fall for love again
