There are times I understand and times I question why
And when the time's at hand sometimes I want to cry
But cannot shed a tear.

There are moments in the shade, there are moments in
the sun
And there are certain days that I wish would never
come
But still they reach me here.

In the silence of my mind there's a solace that I find.

Chorus:

And when my soul hits the mark and light splits the
dark
I hear You
And when my heart starts to move I know that it's You I
hear
Oh, I hear You, oh, I hear.

Some are who they say they are and some are not at all
Some will catch their rising star while others watch
theirs fall
Through the hands of destiny.

Some are taught to live a lie, some are searching for
the truth
Some are caught between their pride and the
innocence of youth
Which one of them is most like me?

In the silence of my mind there's a solace that I find.

Chorus:

And when my soul hits the mark and light splits the
dark
I hear You
And when my heart starts to move I know that it's You I
hear
Oh, I hear You, oh, I hear.

In the silence of my mind there's a solace that I find.

Chorus:

And when my soul hits the mark and light splits the
dark

I hear You

And when my heart starts to move I know that it's You I
hear

Oh, I hear You, oh, I hear...
