If home is really where the heart is  
Then home must be a place that we all share  
For even without difference our hearts are much the  
same  
And where love is we come together there.

Wherever there is laughter ringing  
Someone smiling, someone dreaming  
We can live together there  
Love will be our home.  
Where there are children singing  
Where a tender heart is beating  
We can live together there  
Love will be our home

With love our hearts can be a family  
And hope can bring this family face to face  
And though we may be far apart our hearts can be as  
one  
When love brings us together in one place.

Wherever there is laughter ringing  
Someone smiling, someone dreaming  
We can live together there  
Love will be our home.  
Where there are words of kindness spoken  
Where a vow is never broken  
We can live together there  
Love will be our home

Love will, love will be our home  
Love will, love will be our home  
Love will, love will be our home  
Love will, love will be our home

Chorus
