Don't turn on the radio  
Leave the dishes, just let 'em go  
No baby, nothing's wrong

It's just the locusts humming in the trees  
The house is softly settling  
Listen they're playing our song

I wanna feel you next to me  
I wanna hear your heartbeat

Come and hold me, hold me tight  
I wanna love you with all of my might  
'Cause all is good and all is right  
In our little world

It seems the summer just flew on by  
And it's a warm blue lazy night  
Oh baby, come look at the moonlight

You and I we've had our share  
Of being lost and running scared for nothing  
Oh, but that's all right

Dance me across the kitchen floor  
Darlin' these are the moments we live for

Come and hold me, hold me tight  
I wanna love you with all my might  
'Cause all is good and all is right  
In our little world

Come and hold me, hold me tight  
I wanna love you with all my might  
'Cause all is good and all is right  
In our little world

'Cause all is good and all is right  
In our little world

When I feel you next to me  
Baby, baby, baby
