Just when things get a little too tough
Maybe you don't know what to do
This great big world, comes a little undone
And you need a hand to hold on to

Every hour, every day, every minute
Take a look and you will find
That I will be your rescue
Baby like you've been mine

Just send a message if there's trouble here
I could be oceans away
Just send a message to me loud and clear
Baby I'll be there for you

Hold me close, don't you ever let go
We've got a love that was meant to be
The day we met, I'll never forget
Faith smiling best at me, yeah

Everyone, every once in awhile
Feels lost and alone sometime
But you don't have to worry
Baby I'll be by your side

Just send a message if there's trouble here
I could be oceans away
I'll go the distance baby don't you fear

I would send a sea of lonesome to an island of despair
I would search the streets of heartache 'cause no other
love compares
If you're stranded and alone out on the edges of the
earth
I'd go anywhere for love now darlin', I know what its
worth baby, yeah

I'll be there for, I'll be, I'll be there for
Just send a message darlin', oh
Just send a message darling, oh

I'll go the distance baby don't you fear

I'll be there for
I'll be, I'll be there for

Just send a message darlin'
Yeah
Just send a message darlin'
Yeah yeah yeah

Baby I'll be there for
I'll be there for you

Just send a message darlin'
Just send a message darlin'
Just send a message darlin'
I'll be there for you

Just send a message darlin'
Just send a message darlin'
Just send a message darlin'
