Reaching for a tender touch
Across the night, the two of us
Far apart but it takes more than miles
To come between us

This love is strong
That's why when you're gone
You'll never be lonely, oh baby

'Cause I'll be there when you close your eyes
An' I'll be holding you, oh, so tight
Like an angel beside you when you think of me
Think of me, baby

An' it don't matter where you are
I'll be loving you, cross my heart
Darling, don't you doubt it when you think of me
Think of me, baby

Days are turning into weeks
Missing you so I can't sleep
Now we know why they say
Absence makes the heart grow fonder

But near or far
Wish on a star
And you'll never be lonely, oh baby

'Cause I'll be there when you close your eyes
An' I'll be holding you, oh, so tight
Like an angel beside you when you think of me
Think of me, baby

An' it don't matter where you are
I'll be loving you, cross my heart
Darling, don't you doubt it when you think of me
Think of me, baby

'Cause I'll be there when you close your eyes
An' I'll be holding you, oh, so tight
Like an angel beside you when you think of me
Think of me, baby

An' it don't matter where you are
I'll be loving you, cross my heart
Darling, don't you doubt it when you think of me
Think of me, baby

Think of me, baby
Think of me, baby
Think of me, baby
