Case closed, end of story

I'll silence you even before you start.

I'll draw the line and make it thick,

make it so thick that all can see.

I'll modify a brand new line

for you to cross, you won't survive.

Can't kill the speed, a vicious being

forget utility, this is all about me.

I've bled for what I've said

but I had to let it out

can't keep my mouth shut.

You fools, I give you five across the eyes this time,

a statement by the hand, five across the eyes.

Won't cope with the world, reduced knowledge

getting crowded, absorbed by it all.

I still prefer life before decay

just condemn me, I don't care.

I've bled for what I've said

but I had to let it out

I'm about to explode.

You fools, I'll give you five across the eyes this time,

this time I'll never repent. five across the eyes.
