Amateurs built Titanic, professionals built The Ark.
That's revolutionary
faith, hey.

My faith ain't that gigantic, but even a little spark turns
into something great
great, hey.

Amateurs like to build statues, professionals rather
build altars on solid
ground and strong strong strong.

TIME TO FALL FROM THE GRACE, all guns shooting
straight straight
(straight). IT'S ALL IN YOUR FACE, REBELLION and faith.

Amateurs build high towers, professionals, they build
temples unlike
Babylons and WTCs.

What's the true measure of power when the earth starts
to tremble? In
which one would you wanna be, wanna be?

TIME TO FALL FROM THE GRACE, all guns shooting
straight straight
(straight). IT'S ALL IN YOUR FACE, REBELLION and faith.

Faith (faith) is rebellion against wrong tolerance. Faith
(faith) is rebellion
against religious violence. Faith (faith) is rebellion
against norms of society.
Faith (faith) is rebellion.

(Time to fall from the grace, got all guns shooting
straight.) All guns
shooting straight, we got them shooting straight. It's all
in your face, (It's
all in your face, rebellion.) rebellion.

Rebel, it's a rebellion and faith, yeah, rebellion in your

face. It's rebellion
and faith. It's in your face, oh.
