I ain't a gonna be treated this a way I'm gonna lay the
law down here today
If you don't take on big trancision you gonna see a
change in my disposition
Cause I ain't a gonna be treated this a way

Well the time has come to face up to the truth
Who's gonna wear the pants here me or you
You'd better jums when I say fro yessir nosir that ain't
all
Cause I ain't a gonna be treated this a way
Well I ain't a gonna be treated...

[steel - piano]

Now there'll be no more that workin' late at night
If it happens just as sure there's gonna be a fight
If you don't shape up our ship out I go on a first train
movin' south
Cause I ain't a gonna be treated this a way
Well I ain't a gonna be treated...
Oh I ain't a gonna be treated this a way
Oh no I ain't a gonna be treated this a way
Oh I ain't a gonna be treated this a way
