Think of your fellow man lend him a helping hand put a
little love in your heart
You see it's getting late oh please don't hesitate put a
little love in your heart
And the world will be a better place and the world will
be a better place
For you and me you just wait wait and see

Another day goes by and still the children cry put a
little love in your heart
If we want the world to know we don't let hatred grow
put a little love in your heart
And the world will be a better place...
Wait and see

Take a good look around and if you're looking down
put a little love in your heart
I hope when you decide on just who'll be your guide put
a little love in your heart
And the world will be a better place...
