You can dream all you want to
Close your eyes and ride
While the thought you're holdin' onto
Sleeps beside you and holds you through the night

Shadows hangin' low on the other side of evening
And the memories, they come and go
Only some, my dear, are ever worth the keeping

Everything comes and goes
You got to catch the firefly when it glows
Don't you know, when it's time to let it all go
Everything comes back slow
But you're thinkin' now, Oh wasn't it sweet then

As the moon lulled over me
I was thinkin' were you ever really mine
And I find it funny
But when I've awakened
I think I've forgotten more than I ever really left behind

Everything comes and goes
You got to catch the firefly when it glows
Don't you know, when it's time to let it all go
Everything comes back slow
But you're thinkin' now, Oh wasn't it sweet then
