"Made To Love"

My father looked at me one day and said "Son, it's
plain to see
That you're getting older and should have a talk with
me
You'll soon be going on lots of dates as to a man you
grow
And there's one important thing every boy should know
and that is..."

Girls girls girls were made to love
Girls girls girls were made to love
That's why some have eyes of blue
That's why some stand five feet two 'cause
Girls girls girls were made to love

One day soon you'll have a date and take her home at
night
You'll wonder as you look at her, would a kiss be right ?
The more you look, the more you find, those doubts will
fill your head
But think real hard and you might recall the things your
old dad said, he said that

Girls girls girls were made to love
Girls girls girls were made to love
That's why you watch them walk down the street
That's why their kisses taste awfully sweet
Girls girls girls were made to love

Then you'll meet that special girl who'll sweep you off
your feet
You'll want to say you love her but you'll find it hard to
speak
This is a time when you'll find it, it's better left unsaid
Just tell her like I've told your Mum, with a kiss instead

Girls girls girls were made to love
Girls girls girls were made to love
That's why you watch them walk down the street
That's why their kisses taste awfully sweet
Girls girls girls were made to love

Girls girls girls were made to love
