Problems, problems  
Problems all day long  
Will my problems work out  
Right or wrong  
My baby don't like  
Anything I do-o-o  
My teacher seems to feel  
The same way too

Worries, worries  
Pile upon my head  
Woe is me  
I should have stayed in bed  
Can't get the car  
My marks ain't been so go-o-ood  
My love life just ain't swinging  
Like it shou-ou-ould

Problems, problems  
Pro-o-o-o-blems  
They're all on account-a  
My loving you like I do-o-o-o-o

Problems, problems  
Pro-o-o-o-blems  
They won't be solved  
Until I'm sure of you-o-ou  
You can solve my problems  
With a love that's tru-u-e

Problems, problems  
Problems all day long  
Problems, problems  
Problems all day long
