

Everly Brothers, The "Radio And TV"

Radio & TV do a lot for me

Lots of times I dig my honey

When I'm runnin' short of foldin' money

& the radio & TV are free

At the outdoor movie, everything is groovy

But at times I like it better

Just to bring my baby home & set her

At the radio & TV with me

(x2):

It's nice to sit & say things that lovers have to say

While the good guys chase the bad guys & the top 10
records play

Take away my car keys, take away my waterskis

Take away my foldin' money, take it all

But just don't take my honey or my radio & TV from me

(humming, to fade
