"You Done Me Wrong"

First you tell me that you care
Now you're gone, you got me cryin'
No use denyin', you done me wrong

If I could look inside your heart
Baby, I could find a reason
That you're leavin', you done me wrong

Well, you know it's not so
When you say you tried, well, you know you lie
I didn't do one wrong thing to you

If I could look inside your heart
Baby, I could find a reason
That you're leavin', you done me wrong

Well, you're telling everyone what you done
You think it's funny, listen honey
You done me wrong

Did I ever make you sad so you be mad
And love to hurt me then desert me?
You done wrong

Well, you know it's not so
When you say you tried, well, you know you lie
I didn't do one wrong thing to you

If I could look inside your heart
Baby, I could find a reason
That you're leavin', you done me wrong
