"The Night Is Still Young"

by Billy Joel

from Greatest Hits Vol II

I'm young enough to still see the passionate boy that I
used to be

But I'm old enough to say I got a good look at the other
side

I know we got to work real hard, maybe even for the
rest of our lives

But right now I just want to take what I can get tonight
While the night is still young

I want to keep making love to you while the night is still
young

I'd like to settle down, get married and maybe have a
child someday

I can see a time coming when I'm gonna throw my
suitcase out

No more separations where you have to say goodnight
to a telephone

Baby I've decided that ain't what this life is all about, oh
While the night is still young, while the night is still
young

I want to try and make the world brand new while the
night is still young

Rock and roll music is the only thing I ever gave a
damn about

There was something that was missing but I never used
to wonder why

Now I know you're the one I need to make things right
again

And I may lose the battle but you're giving me the will
to try, oh

While the night is still young, because the night is still
young

I've got a lot of catching up I've got to do while the
night is still young

While the night is still young

I want to try and make the world brand new while the
night is still young
