Come on say it say it

Ohh

Ohh

OhhOhh

Ohh

Ohh

OhhOhh

We come home waitin tired sleepin wide awake at night  
We get to talkin about our feelings  
Then we fight and  
It's the same old story  
Never work it out  
You say its not worth the bother  
Whats the fuss about oh baby  
We argue constantly about how its supposed to be  
You say im paranoed and put all the blam on me  
Its the same old thing we're going over again  
And now im starting to wonder if its worth all the pain

What do I have to do  
What do I have to say  
You haven't said a word  
Don't you think that its a little strange

-Chorus-

It's gonna take three small words to turn this love  
around  
Three small words baby tell me what your waiting for  
It's gonna take three small words to turn this love  
around  
Three small words is all that im asking for  
Three words Three words Three words  
Three words Three words Three words

I'll give you one more chance at dinner bed tomorrow  
night  
I'll make it fair to you and me and candle light  
And maybe with the food your gonna find the mood  
You'll see what its all about

And ge get it out  
But if you still dont say it then you wont get my apree  
I'm gonna have to pack my bags get up and leave  
And You'll say sorry baby I didn't realize  
I didn't know it meant so much well baby what a  
surprise

Here's what you got to do  
What you got to do baby  
Here's what you got to say  
Got to say  
Tell me I'm the only one  
The only one  
Then maybe i'll stay

-Chorus-

It's gonna take three small words to turn this love  
around  
Three small words baby tell me what your waiting for  
It's gonna take three small words to turn this love  
around  
Three small words is all that im asking for

Get it out get it out come on come on  
Say what you mean to say its the words  
Waitin all day all night for the right time  
Never gonna be the right time  
Gotta get it out get it out  
Yah Come on say it say it  
Come on say it say it

-Chorus-

It's gonna take three small words to turn this love  
around  
Three small words baby tell me what your waiting for  
It's gonna take three small words to turn this love  
around  
Three small words is all that i'm asking for

Tell me what to do  
How to make it change  
You haven't said the words  
Don't you think it's strange  
Come on  
Yahhhh

Tell me what to do  
Tell me what to say  
How to make the change  
Yahh Yahh  
Come on say it

Come on say it to me  
Come on and say it  
Come on and say it to me  
Tell me what to do  
Tell me what to say  
How to make the change  
Yahh Yahh
