You're running into tragedy  
signs announcing danger  
for your life  
will end in agony  
and your bodies will decay to dust

Dust you are created of  
and eternal laws can never change  
change in our universe

dust to dust decays

You'll roast in flames  
with the souls fo no name  
your bones burste under mountains of bones  
A voice from somewhere  
is calling your name  
when you're in league with the gods

Pray  
Or to dust you will decay  
pay attention to my warning

Pray  
Or to dust you will decay  
on a painfull morning

To dust you will decay  
Everything that you achieved  
all you tried has been in vain  
you're treated with indignity  
somewhere in a nowhere you will  
fight

for the right to survive  
don't blasphemise the holy signs  
who will you be  
in the judgment of gods  
after the night when you'll die

who will you be  
in the judgment of gods

after the night when you'll die

Pray

Or to dust you will decay  
pay attention to my warning

Pray

Or to dust you will decay  
on a painfull morning

To dust you will decay  
you will decay
