Try to keep the distance,  
Since you threw my life away  
My courage into pieces  
I couldn't make you stay

Hate, pain and tears  
Life can be a tragedy

Dreams becoming nightmares,  
Some visions left behind  
What could have been,  
What could have last?  
You're always on my mind

Love, joy and laughter,  
Life can be a miracle

And my heart made of steel,  
But my soul turns to stone  
And I'm going where no one goes

I carry my load, I'm walking alone  
I'm crying, where the wind blows

Lovers score and lovers fail,  
Here ain't no compromise  
Back to back and face the future  
It's a devil in disguise

Fear, darkness and vain  
Life can be a deadly maze

And my heart made of steel,  
But my soul turns to stone  
And I'm going where no one goes  
I carry my load, I'm walking alone  
I'm crying, where the wind blows
