I want to confess
All these thoughts that I've been thinking
Get it off my chest
After just one kiss I'm sinking

I know that you want me
You know I do
Don't try to read my mind
Pay attention to my body language

It's a wild guess what we'll do next
Gonna rock gonna roll oh we won't rest
It's no wild guess what we'll do next
Yes you can play I can tease have you begging on your
knees

Yes I will... on your knees

I can feel your breath
Down my neck my heart is racing
It ain't no dream
It's your touch that I've been chasing

I know that you want me
You know I do
Don't try to read my mind
Pay attention to my body language

It's a wild guess what we'll do next
Gonna rock gonna roll oh we won't rest
It's no wild guess what we'll do next
Yes you can play I can tease have you begging on your
knees

Yes I will... on your knees

Oh did you ever think that everything would change
Just by walking in the room
Did you ever think the one you wanted
Really wants you too

Did you
Let's get out of here
I've got to get out of this stress
