Clean up your eyes and i'll
dance alone with you in daylight.
Your skin reminds me of
sleeping on the clouds in my mind.

Clean up your eyes this time.
Clean up your eyes this time.

You breathe in when i breath out,
its not like me,
i never feel this far from someone,
from anyone at all.
If you leave now you leave with a piece of me ,
and a piece of us.
Its not like me i never feel at all.

All things aside i'm not sure if i can help you this time.
You smile your eyes and i see your face for the first
time.

Lets not hide this time.
Lets not hide this time.

You breathe in when i breath out
its not like me.
I never feel this far from someone
from anyone at all.
If you leave now you leave with a piece of me,
and a piece of us.
Its not like me i never feel at all.

what you don't have,
what you don't need,
what you can't reach,
what you can't see,

you breathe in when i breath out
its not like me,
i never feel this far from someone
from anyone at all.
If you leave now you leave with a piece of me

and a piece of us
its not like me i never feel anymore.
