The music stops and you just tie your fingers around  
mine and I'm  
So tired that I can't fight the urge to move with you

It's not what I need, it's not perfect  
But I used up all I had to keep myself from you  
But it's not much further but there's still a distance yet  
to go  
And I'm giving in till I feel numb

But we lose ourselves and don't fight  
And we just don't know what it's all for  
But we lose ourselves  
But we lose ourselves  
But we lose ourselves

And all the are leaves are gone, and all the sea is  
drowned  
And you're not dancing now, you're only looking down  
I won't move again, until we find our time  
Who's never given in, we kept what we could find

It's not what I need, it's not perfect  
But I used up all I had to keep myself from you  
And it's not much further but there's still a distance yet  
to go  
And I've given in 'cause I feel numb

But we lose ourselves and don't fight  
And we just don't know what it's all for  
But we lose ourselves  
But we lose ourselves  
But we lose ourselvess

(Lose ourselves)  
(Lose ourselves)  
(Lose ourselves)  
(Lose ourselves)  
(Lose ourselves)  
(Lose ourselves)

But we lose ourselves and don't fight  
And we just don't know what it's all for  
But we lose ourselves  
But we lose ourselves  
But we lose ourselves
