You take more
You lose more
You're giving up on what you're fighting for.
Another night on you're on
Another digit and the puzzles gone
And I need you
And you don't need me
And I'll need you more than you need me
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.

A late night
A ring tone
Another reason to go to bed
Another night by the phone
Another digit and the puzzle ends

And I'll need you and you won't need me
And I'll need you more than you need me.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.

Taking pills for you're thrills and you're
(X8)

And I'll need you and you won't need me
And I'll need you more than you need me.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.
And I am ready to go anywhere with you.

Sick of something; sick of nothing; tired of giving in to
the problem.
this is working it's wishful thinking, there's no escaping
what's happening.(x2)

And I am ready to go anywhere with you.
