I don't hold back this is a diferent story  
just stay lay back my life never knew glory  
I'll tell you why pathetic dumb so boring  
oh I get scared my social skills I buried

I hold on the shame to pay for sex  
for tender oh tender oh tender care

makes me glad let's stay and watch tv  
makes me glad let's stay and watch tv  
oh makes me glad let's stay and watch tv

people oh oh oh oh careful careful  
you'll drive them away  
stay home stay home

people people you'll drive them away  
careful careful they'll know what you say  
stay home stay home no matter the day
