You search back at any cost
But how long babe
You search for what's not lost
Everybody will help you
Some people are very kind
But if I could save you anytime
Come on, give it to me
I'll keep it with mine.

I can't help it if you might think I'm wrong
If I say I don't love you for what you are
But for what you're not
Everybody will help you
Discover what you set out to find
But if I could save you anytime
Come on, give it to me
I'll keep it with mine.

The train leaves at half past ten
But it'll be back tomorrow
Same time again
The conductor
His spirit's still stuck on the line
But if I could save you anytime
Come on, give it to me
I'll keep it with mine.
