I had a lover, but haven't we all  
He had to leave so sometimes I'd call  
I was lost and living in the real world  
I'd call.

Satellites are blinking all through the night  
Wishes like this don't seem right  
Rising and falling as I make my request  
Hello, operator, can I make this collect.

Higher and higher, burns the fire  
Love's lost on the telephone wire  
Too high to reach, too hot to hold  
Wishing on telstar, should've been told.

Person to person, looking for affection  
Do I just break through or do I have to wait  
(person to person) it sure hurts when you get away  
My long distance lover, can I make you stay.

Higher and higher, burns the fire  
Love's lost on the telephone wire  
Too high to reach, too hot to hold  
Wishing on telstar, should've been told.

Hello? operator?  
Hello, hello. operator?  
Hello, hello? hello, hello?

Wishing on telstar  
Should've been, should've been  
Wishing on telstar  
Should've been told.

Higher and higher, burns the fire  
Love's lost on the telephone wire  
Too high to reach, too hot to hold  
Wishing on telstar, should've been told.

Wishing on telstar (hello, operator? )  
Should've been told (hello, hello, operator? )  
Wishing on, wishing on telstar (operator? )  
Should've been told  
Wishing on telstar.

Hello? operator?  
Hello?
