It's just you and I
You're finally by my side
You ain't going nowhere
And no one will have to know
You're here with me tonight
Let's take our time
'Cause deep in our hearts I know we'll find
This moment's forever
And we'll never lose
The memory of tonight
Let's close the door and turn out the light
We'll live a million tales inside tonight
I'll give you all I've got to give
Tonight, let's stay inside tonight
I'll hold you close with all my might
Tonight, let's stay inside tonight
When I shut my eyes
It feels like you can read my mind
Every touch, every moment
It's what I need so much
From you to me tonight
The things you say now
Have made me sure that now

It will always be
Just you and me
Right here, right now, tonight
Let's close the door and turn out the light
We'll live a million tales inside tonight
I'll give you all I've got to give
Tonight, let's stay inside tonight
I'll hold you close with all my might
Tonight, let's stay inside tonight
You lift me higher baby
Than anything I know
Let me show my love tonight
Let's close the door and turn out the light
We'll live a million tales inside tonight
I'll give you all I've got to give
Tonight, let's stay inside tonight
I'll hold you close with all my might

Tonight, let's stay inside tonight
