I don't wanna see you peeking through my window  
I don't wanna hear you call me on the phone  
I don't wanna hear you knocking on my door babe  
Adios farewell goodbye good luck so long

Well you put me through the paces like a champion  
Like a champion I jumped through the hoop for you  
That's all over now go find a brand new sucker  
Congratulations dear I've had the course with you  
I don't wanna see you...

[ guitar ]

Well I guess I'll have to get an act of congress  
To convince you that our love affair is through  
Every time you snap your fingers I come running  
But that's all over now I'm sick and tired of you  
And I don't wanna see you...  
Adios farewell goodbye good luck so long
