"How Long Will My Baby Be Gone"

How long is forever how soon is now or never
How long will these heartaches linger on how long will
my baby be gone
How wide is an ocean how deep is a devotion
How long do these sleepless nights go on how long will
my baby be gone
For you took the sunshine from my world and you
walked away with another girl
How much does a heart ache how deep is a heartbreak
How long do these sleepless nights go on how long will
my baby be gone

For you took the sunshine from my world and you
walked away with another girl
How much does a heart ache how deep is a heartbreak
How long do these sleepless nights go on how long will
my baby
How long will my baby be gone
