(Buck Owens)

Maybe if I close my eyes it will go away  
If I pretend there never was I thing 'tween you and me  
For I can't sleep and I can't eat it haunts me night and  
day  
But maybe if I close my eyes it will go away.

You say you're a fascination that I will soon forget  
But it won't be long and I'll forget you ever did exist  
But when I love I really love yes I'll go all the way  
But maybe if I close my eyes it will go away.

You say that I must accept the truth that you're not  
coming back  
Be reasonable at my age and faithful to the fact  
But when I love I really love yes I'll go all the way  
But maybe if I close my eyes it will go away...
