(Buck Owens)

There's only one way for you to love me
And that's for you to love me all the way
With all of your heart soul and body
Every night and every day.

Well, one night stand I ain't never been
And I'm never gonna be
So if your intentions aren't with honor
Then don't waste your time on me.

--- Instrumental ---

Well, one night stand I ain't never been
And I'm never gonna be
So if your intentions aren't with honor
Then don't waste your time on me.

There's only one way, only one way...
