Yeah, there was a time I didn't like the love, I liked the  
climbers  
I was no sister then, I was running out of time and one  
liners  
And I was afraid, like you are, when you're too young to  
know the time, and  
So I watch the way you take your fear and horde the  
horizon  
You point, you have a word for every woman you can  
lay your eyes on  
Like you own them just be cause you bought the time  
And you turn to me, you say you hope I'm not  
threatened  
Oh and that's not petty  
As cool as I am, I thought you'd know this already  
I will not be afraid of women  
I will not be afraid of women  
So now we're at a club, you watch the woman dancing,  
she is drunk  
She is smiling and she's falling in a slow, descending  
funk  
And the whole bar is loud and proud and everybody's  
trying, yeah  
You play the artist, saying, "Is it how she moves, or how  
she looks?"  
I say, it's loneliness suspended to our own like grappling  
hooks  
And as long as she's got noise, she's fine  
But I could teach her how I learned to dance when the  
music's ended  
Oh and that's not petty  
As cool as I am, I thought you'd know this already  
I will not be afraid of women  
I will not be afraid of women  
You tried to make me doubt  
To make me guess  
Tried to make me feel like a little less  
Oh, I liked you when your soul was bared  
I thought you knew how to be scared  
And now it's amazing what you did to make me stay  
But truth is just like time, it catches up and it just keeps

going  
Oh, and so I'm leaving, you can find out how much  
better things can get  
And if it helps, I'd say I feel a little worse than I did  
when we met  
So when you find someone else, you can try again, it  
might work next time  
You look out of the kitchen window and you shake your  
head and say low  
"If I could believe that stuff, I'd say that woman as a  
halo."  
And I look out and say, "Yeah, she's really blond."  
And then I go outside and join the others, I am the  
others  
Oh and that's not petty  
As cool as I am, I thought you'd know this already  
I will not be afraid of women  
I will not be afraid of women
