#### CHILDREN

Please, gentle Eva, will you bless a little child?  
For I love you--tell Heaven I'm doing my best  
I'm praying for you, even though you're already  
blessed  
Please, mother Eva, will you look upon me as your own?  
Make me special, be my angel, be my everything,  
wonderful,  
perfect, and true  
And I'll try to be exactly like you  
Please, holy Eva, will you feed a hungry child?  
For I love you--tell Heaven I'm doing my best  
I'm praying for you, even though you're already  
blessed  
Please, mother Eva, will you feed a hungry child?  
For I love you--tell Heaven I'm doing my best  
I'm praying for you, even though you're already  
blessed
