Christian:

Love is a many splendored thing, love
Lift us up where we belong
All you need is love

Satine:

Please, don't start that again

Christian:

All you need is love

Satine:

A girl has got to eat

Christian:

All you need is love

Satine:

Or she'll end up on the streets

Christian:

All you need is love

Satine:

Love is just a game

Christian:

I was made for lovin' you baby
You were made for lovin' me

Satine:

The only way of lovin' me baby
Is to pay a lovely fee

Christian:

Just one night
Give me just one night

Satine:

There's no way
'Cause you can't pay

Christian:
In the name of love
One night in the name of love

Satine:
You crazy fool
I won't give in to you

Christian:
Don't, leave me this way
I can't survive
Without your sweet love
Oh baby, don't leave me this way

Satine:
You'd think that people
Would have had enough of silly love songs

Christian:
I look around me
And I see it isn't so, oh no

Satine:
Some people wanna fill
The world with silly love songs

Christian:
Well, what's wrong with that?
I'd like to know
'Cause, here I go again!
Love lift us up where we belong
Where eagles fly on a mountain high

Satine:
Love makes us act like we are fools
Throw our lives away
For one happy day

Christian:
We could be heroes
Just for one day

Satine:
You, you will be mean

Christian:
No, I won't

Satine:
And I, I'll drink all the time

Christian:
We should be lovers

Satine:
We can't do that

Christian:
We should be lovers
And that's a fact

Satine:
No, nothing will keep us together

Christian:
We could steal time
Just for one day

Both:
We could be heroes
Forever and ever
We could be heroes
Forever and ever
We could be heroes

Christian:
Just because I will always love you

Satine:
I...

Satine & Christian:
Can't help loving...

Christian:
you.

Satine:
How wonderful life is

Both:
Now, you're in the world.

(Opera Interlude)
