(written by susan tedeschi)

How many times must I sit here and tell you goodbye
How many times must I sit all alone and cry
How many times must I ask mercy on me
How many times must I beg to be free

Well I'm looking for answers
Looking for answers and nobody knows
Well I'm looking for answers
Looking for answers and nobody knows
Well I'm looking for answers from above not from
below

How many times must I learn to live
How many times must I learn to love to give
How many times must I get down on my knees to pray
How many times must I pray for you to stay

Well I'm looking for answers
Looking for answers and nobody knows
Well I'm looking for answers
Looking for answers and nobody knows
Well I'm looking for answers from above not from
below

Lord I love you in so many ways
Lord I love you each and every day
Now is the time when I must ask you why
Why must we live and why must we die

Well I'm looking for answers
Looking for answers and nobody knows
Said I'm looking for answers
Looking for answers and nobody knows
Well I'm looking for answers from above not from
below
Ohhhh... ohhh... oooooo
