Look, baby you're shining bright like a diamond  
May god strike me down where I stand if I'm lying  
While you applying, make it to your face  
With that of your remain, be the fallen every way  
Prolly think I'm running game  
Baby girl what you mean, that thang lookin too too  
right, in them jeans  
The thangs we could do, boo, spend the night with me  
Haha, spend the night with me, I can please you  
psychically  
Mentally, baby you will see  
That I'm nothing like them,  
I said that I'm him, so I'm nothing like them  
Shouts out to jeezy, it's easy, believe me  
Niggas greezy, the sleezy  
I can't be, super duper freaky  
Eating like a kiwi, leavers of boo creamy  
Wanna, wanna leave me  
But don't get too clingy, or you just might get the boot  
Although south western pattern types  
Damn right, a nigga in pursuit  
And you should let me love you down  
Cause it's something that you need  
And everytime that we are touching  
My heart beats increasing speed  
So you let me intervene, I mean you let me in between  
I mean metaphorically, I'm not trying to dimean  
But the head right and you screen  
When I go deeper you scream  
You're the avhd, round 1, round 2, round 3  
Og, let's get it

[Chorus]

I'ma make you a superstar, tonight baby, for sure  
Baby for sure  
Your body's dissing, craving for what I have for you  
And more, baby hold on  
Cause we don't need no bedroom  
For all the freaky things I might do to your body  
These things I'll explore  
The counter to the living room, searching your body

Till you start to loose control  
And the way that you move  
I hear your body saying, uhu, uhu  
Let me lay you down baby, let me lay you down  
I hear your body saying, uhu, uhu  
Let me love you down, let me love you down  
I hear your body saying

Shining bright like a star in the night  
And the thing so tight, damn right I like how you suck  
and bite  
On my neck, I might just make you mine  
Yeah right, anybody got time for that  
But go ahead and throw it back  
That thang is so fat, I can see with catharacts  
And who can love you like me, nobody  
And who can touch you like me, nobody  
Hey, who can freak you like me, nobody  
Who better than hakeem, nobody  
Look, and damn our bodies soaking,  
As IÂ'm diving in your ocean  
And your nails digging my back  
Uh girl IÂ'm digging that  
You climb on top of me, you tell me to relax  
IÂ'm kissing your body, as I start to climax, yeah

[Chorus]

IÂ'ma make you a superstar, tonight baby, for sure  
Baby for sure  
Your bodyÂ's dissing, craving for what I have for you  
And more, baby hold on  
Cause we donÂ't need no bedroom  
For all the freaky things I might do to your body  
These things IÂ'll explore  
The counter to the living room, searching your body  
Till you start to loose control  
And the way that you move  
I hear your body saying, uhu, uhu  
Let me lay you down baby, let me lay you down  
I hear your body saying, uhu, uhu  
Let me love you down, let me love you down  
I hear your body saying
