Yeah, I'm nameless, nameless
Love found me lost
But then I'm thankful, thankful
Righting the wrongs
Forgotten blessings, blessings
Down on my knees
My soul is endless, endless
And I'm so relieved
I'm so relieved
I'm so relieved

But if you must be concerned
I'm on a slow drain now
As you watch me burn
I'm on the way back down
If you must be concerned
I'm on a slow drain now
As you watch me burn
Slow drain

Yeah, I'm wasted, wasted
End of my rope
But then I'm brain dead, brain dead
You make me choke
New colic baby, baby
Kicks and it screams
My soul is endless, endless
And I'm so relieved
I'm so relieved
I'm so relieved

But if you must be concerned
I'm on a slow drain now
As you watch me burn
I'm on the way back down
If you must be concerned
I'm on a slow drain now
As you watch me burn
Slow drain

Slow drain

Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow drain

But if you must be concerned
I'm on a slow drain now
As you watch me burn
I'm on the way back down
If you must be concerned
I'm on a slow drain now
As you watch me burn
Slow drain

Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow drain
Slow draaaain
