I know what it feels like
It burns from the inside
I know what that hurts like
Cause I've been wrong a thousand times

My bones are all cracked
A splinter deep in my back
I'm still the same but we have changed
And now I have to live with my mistakes
Will I ever learn?

I'm battered and bruised
Scratched on the inside
I'm losing myself
I'm so sick of the lies
Dead ring in my ears
The hole underneath
You're deep in my skin
You're the splinter in me

You'll never know how hard I...
I Try to keep my head right
I miss all the bright lights
Shining down, like the sun burns my skin

Ten silver sets me free
I Like the ones before me
I'm still the same but we have changed
And now I have to live with my mistakes
Will I ever learn?

I'm battered and bruised
Scratched on the inside
I'm losing myself
I'm so sick of the lies
Dead ring in my ears
The hole underneath
You're deep in my skin
You're the splinter in me

I'm battered and bruised

Scratched on the inside
I'm losing myself
I'm so sick of the lies
Dead ring in my ears
The hole underneath
You're deep in my skin
You're the splinter in me

The splinter in me
The splinter in me
The splinter in me
