Where did I go wrong?  
I can't look you in the eye  
Feeling so ashamed  
It feels like I could die

Hold me up  
And don't let go  
I've had enough

[chorus]  
I'm tired of breathing  
Tired of feeling  
Tired of looking at the past for meaning  
Tired of running  
Tired of searching  
Tired of trying  
But I'm not tired of you

Losing everything  
It's something I can't face  
Hope is on the run  
It's something I can't fake

Hold me up  
And don't let go  
I've had enough

[chorus]

But I'm not tired of you (x3)

I want to feel a change  
I don't mind if it hurts  
You take away the pain  
You're the only thing that's pure

[chorus x2]

But I'm not tired of you  
Not tired of you (x4)
