another feeling i can't fight i'm just trying to get the
hell out of here
tomorrow's just another night the engine's broke and
i've run out of steam
another night when the silence clings on you i walk
alone put a quarter on the track
tonight were gonna break on through tell me how to get
out of this place

scream shout come on baby and let it out

abandoned stores and broken homes throwin rocks at
broken windows
where i'll end up i'll never know feeling stuck feeling
dead inside of me
and if i do will it be the same tryin hard to get the hell
out of here
another town without a name tell me how to get out of
this place

let it out
