If you did, if you did, even if you did  
Been where you shouldn't have been  
Seen what you shouldn't have seen  
Dreamed what you shouldn't have dreamed  
That doesn't mean you have to be locked up here  
forever  
I'm going to set you free

And if you did, if you did, even if you did  
Done what you shouldn't have done  
Run when you shouldn't have run  
Lost when you shouldn't have won  
That doesn't mean you have to be paying the price  
forever  
I'm going to set you free

And if you did, if you did, only if you did  
Strayed from the beaten track  
Maybe you never got back  
Went in off the black  
That doesn't mean you have to be lying around here  
forever  
I'm going to set you free

Ah if you did, if you did, even if you did  
Suffered from a broken heart  
Got off to a poor start  
Maybe you fell apart  
That doesn't mean you have to be paying the price  
forever  
I'm going to set you free

And if you did, if you did, even if you did  
Known what you shouldn't have known  
Shown what you shouldn't have shown  
Thrown what you shouldn't have thrown  
That doesn't mean you have to be lying around here  
forever  
I'm going to set you free

Ah if you did, if you did, even if you did

Been where you shouldn't have been  
Seen what you shouldn't have seen  
Dreamed what you shouldn't have dreamed  
That doesn't mean you have to be locked up here  
forever  
I'm going to set you free
