I met the bookill with the boogaloo
I met the bookill with the boogaloo drum
I met the bookill with the boogaloo
Battering on the steps of the stadium

?ire come on Ireland Ireland come on
?ire come on Ireland Ireland come on

I met the bookill with the boogaloo
Heading for Korea and Japan
I met the bookill with the boogaloo
Battering and a' bating for the green man

?ire come on Ireland Ireland come on
?ire come on Ireland Ireland come on

Down to the shupa with the Eurobookill
Down to the shupa with the pound coin
Down to the shupa with the Euro bookill
Down in the cheap glooshtawn

Into the chipper with the hungry bookill
Into the chipper with the bowrawn
The goat bating batter burger bookill
And the chips in the cheap glooshtawn
Supper for the bookill bawn

Long legged Italy kicked poor Sicily into the
mediteranean sea
Along came Hungary, took a bit of Turkey, dipped it in
Greece and fried it in Japan
?ire come on Ireland Ireland come on
?ire come on Ireland Ireland come on

Down to the town with the thirsty bookill
Down to the town to the big screen
Bating back the beer with the thirsty bookill
And the eye for the sweet colleen
Shouting for the boys in Green
Roy Keane
?ire come on Ireland Ireland come on

?ire come on Ireland Ireland come on

Are you from Korea? I am are you
Do you eat spuds? I do do you
How do you like them? big and small
How do you eat them? skins and all
Who's she? Sue she. Sooshi who?
Kimono'ver to my place baby
Kimono'ver to my place

I met the bookill with the boogaloo
I met the bookill with the boogaloo drum
I met the bookill with the boogaloo
Battering on the steps of the stadium
I met the bookill with the boogaloo
Heading for Korea and Japan
I met the bookill with the boogaloo
Battering and a 'bating for the green man
?ire come on Ireland Ireland come on
?ire come on Ireland Ireland come on

(optional verse)

Into the laba with the sleepy bookill
Into the laba with the big yawn
