Two Weeks by Earl Greyhound
Two weeks alone

Two lovers alone in bed

Said she's gonna escape today

Gonna make it a break for it,

And run to stall this ordinary role by role everyday

I'm on your side when you're running away

We go back to get lost and start over again,

You can't hide from that soldier in a world that has no
end,

Don't be dry, we're pushovers,
we just hitchhike our way back to what we know.

And so it goes.

Two weeks alone,

So your lover is gone again,

Said she's gone to the race today,

Today she's gonna just waste away,

And run to stall what she knows is very well

That hell on to the way

I'm on your side when you're running away,

We go back to get lost and start over again,

You can't hide from the soldier in a world that has no
end

Don't be dry, we're pushovers,
we just hitchhike our way back to what we know.

I'm on your side when you're running away,

We go back to get lost and start over again,

You can't hide from the soldier in a world that has no
end

Don't be dry, we're pushovers,

Gonna kick it, it's original savior

I can't let you want to walk alone

I won't get your back from where you want to

Give me what you are.
