My mind keeps drifting back to things we said this  
morning  
Now I'm sitting here alone, watching the world pass me  
by  
Every time we part I fell like I'm falling  
No matter what you think I still love you

You will always be a part of me, no matter what we do  
You will always hold a piece of me wherever I may go  
Always....

The sky gets darker and I sense that you are far and  
away  
I miss the times we had when things were going our  
way  
But every time we part you know how much it hurts me  
No matter what you think I still love you.

You will always be a part of me, no matter what we do  
You will always hold a piece of me, wherever I may go  
Always....
