As you roam deep within the twilight
What do you see
No lights fortold of and definitely no peace for you
Now this is your sad story I'm about to tell

Tolerance, forgiveness
Was a lacking ability in you
Intolerant, unequal
Your solution was always to run away

I thought I knew you
I thought I wanted to be you
And to think I almost became you
An ideological man such as you
Should be nothing but swept away for good

I never meant to fail you
I never meant to break you
But it happened
And I'm sorry I can't change it

Do you believe me
Can you understand and forgive me
This was your destiny
And I'm sorry I can't change it

I never wanted this
I never dreamed of this

For you there's no return
And I'm sorry I can't change it

Why couldn't you just realize
That an act of justice would come and take you away
Unless improvement was displayed
And consequences of former misdoings accepted

I never meant to fail you
I never meant to break you
But it happened
And I'm sorry I can't change it

Do you believe me
Can you understand and forgive me
This was your destiny
And I'm sorry I can't change it

I never wanted this
I never dreamed of this
For you there's no return
And I'm sorry I can't change it

As you roam deep inside the twilight
And look back at me
What do you see
The bitter man
