Someday, somewhere
I'm gonna catch up with you
Someway, somehow
You're going down

You may believe you're gonna get away
But you can't hide from me
I'm all around and I'll find you
Don't think you can run away
On the run you won't get far
Turn your head I'm everywhere

Someday, somewhere
I'm gonna catch up with you
Someway, somehow
You're going down

You know I'm out to get you
Your head for a price, ain't it nice
I believe you said something wrong one day
Made your presence unwanted
And then became the hunted
What a fool

I'm all around and I'll find you
Don't think you can run away
On the run you won't get far
Turn your head I'm everywhere

Of course I don't care who you are

What you've done, what you've said
I don't give a damn who you are
I take pride in my work
I've done this before

Your cry for mercy is noticed
And written down for reference
In this, the hour of your death
I've got no time to listen to your prayers
I've got a goal, to complete my work
I am the one, the bounty hunter of mankind

Someday, somewhere
I'm gonna catch up with you
Someway, somehow
You're going down

I don't give a damn who you are
I take pride in my work
I've done this for ages
You see, they call me the Bounty Hunter

Of course I don't care who you are
What you've done, what you've said
I don't give a damn who you are
I take pride in my work
I've done this for ages
