[Chorus]

Can You Hear Me Now? Good

[V1 - Tone]

Yo, it's Sunday afternoon, and I've been hibernating
thoroughly

Lying beside my girl who's been trying to wake me
urgently

With a stern sermon about wasting my day

Knowing that if I don't force me outta bed with a
crowbar I'll lazily stay

I wake up.kinda sorta.today's when the guys come over

To write, so I head out to get some pizza and buy us
soda

Wireless phone to my ear, giving session a buzz

"Yo, Sesh, it's Tone, you want anything? I'm buying us
grub"

[Session]

What?! you lyin in blood? (Tone) "yeah, and call Pack to
wake him up"

(Session) Yo, you breakin up! STAN! They tryin to take
his stuff!

(Stan) Word? then I got bones to crack, (Session) Lets
split up

you bring Tone intact. I'ma get up, on the phone wit
Pack

Dialing (Pack voicemail) "Its Pack, leave a message"

(Session) "I cant believe this, pick up!, its me, its
Session!

Tone got robbed and we tryin to reach you man
hit me back on the hip or speak to Stan!"

[Pack]

Tones got cracked ribs from gettin beat by Stan???

I knew one day, these egos would get outta hand

Looks like me and sesh are the only ones with level
heads

Fuck it lemme call Stan and see if we can settle this

[*dialing sound in background*]
