Bright lights  
Dialating empty thoughts  
Contemplating the universal hold  
Dim this light  
Demonic misconception  
Remains testament  
To the human soul

So carry on  
My world will fall without you  
So tear down stars  
The sky will cry without you

Save me from this haunting flaw  
Meaningless hiding  
Hiding from the light  
I will wait for you  
I'm running  
I'm running  
I keep you away

So carry on  
My world will fall without you  
(I will wait for you)

I will hold my breath  
And I'm trying to forget about you  
So stop turning in my head  
As I see myself

So carry on  
My world will fall without you  
(I will wait for you)  
So carry on  
My world will fall without you  
(I will wait for you)  
So tear down stars  
The sky will cry without you  
Without you all alone
